

HOSPITALS IN NORWAY GO GREEN

HOW AND WHY WILL WE MANAGE THIS?

LINDA EIDE, LEIF JOHNSEN, JANNE KRISTIANSEN
HEALTH TRUST NORWAY

THE PARADOXE OF HOSPITALS

We want to bring health

Yet we are creating
emissions dangerous to
soil, water and air

A BOLD THOUGHT

Let's go green

All the hospitals

At the same time

Now....

OUR SPONSOR – THE GOVERNMENT:

Minister of health and care services:
Jonas Gahr Støre

Why does the government want to make Norwegian hospitals green?

WHAT HAS BEEN ACHIEVED?

Certificate for ISO 14001 – Environmental management system

WHY ARE WE GOING TO SUCCEED?

A JOINT EFFORT – COOPERATION BETWEEN HOSPITALS

Forum for environment and climate

Share and standardise methods

- corrections at one hospital will spread

Establish and make use of networks both national and regional

Annual environment and climate conference

Standardised training in auditing for ISO 14001, - also among the leaders

THE NORWEGIAN MODEL – PARTICIPATION AND COOPERATION

The leaders and the board

The Unions

SUBPROJECTS – THE ROAD AHEAD

 <p>Subproject Waste</p>	 <p>Subproject Building</p>
 <p>Subproject Drugs</p>	 <p>Subproject Organic food</p>
 <p>Subproject Ethical purchasing</p>	 <p>Subproject Transport</p>
